SREDKey

SREDKey™ is an encrypted key pad with an LCD and an encrypted MagStripe reader that offers retailers a complete and reliable security solution that meets the PCI-PTS certification. This intelligent reader delivers superior reading performance while encrypting sensitive Magstripe and keyed-in data that reduces the scope of PCI-DSS. The reliable SREDKey ensures all data transactions are protected through secure point to point encryption reducing fraud and data compromises. It also allows customers the flexibility to choose a decryption party right for them.
